WORK EXPERIENCE

11/12/2020 – 29/02/2024 Berlin, Germany

FRONTEND DEVELOPER BULLMARKETS MEDIA GMBH

Project Involvement: Contributed to the development of a real-time web chat application, playing a key role in its successful implementation.

Optimized Performance: Enhanced application by implementing a new frontend architecture, significantly reducing chat latency and increasing the capacity for concurrent users.

Reusable Code Development: Crafted reusable code modules to ensure efficient and streamlined future development.

Speed and Scalability Enhancements: Improved the application for maximum speed and scalability, ensuring robust performance under high load conditions.

Feature Development: Led the development of new features, adding value and functionality to the application.

Project Engineering Improvement: Continuously enhanced the engineering aspects of the project, ensuring best practices and high standards.

Unit Testing: Wrote comprehensive unit tests to ensure code reliability and robustness.

Code Review Management: Conducted and managed thorough code reviews, ensuring code quality and adherence to standards.

Integration with Backend: Parsed Swagger documentation provided by the Backend developers to create a cohesive front-end application, ensuring seamless integration.

Responsive Design: Developed the application for optimal performance on both mobile and desktop platforms, ensuring a consistent and user-friendly experience across devices.

Tools: Javascript, ReactJS, Typescript, Styled-components, MobX, Apollo Client (GraphQL), Jest, Web sockets(Phoenix), HTML5, SCSS, Axios, Git, Github, Vite, Bun, Vscode.

Successfully collaborated within Scrum teams

15/12/2021 – 19/05/2023 Kraków, Poland

SOFTWARE ENGINEER EPAM SYSTEMS

Client: London stock exchange group

Developed and customized JavaScript UI components for Jupyter Notebook, enhancing user experience and functionality.

Actively participated in code reviews, ensuring code quality and adherence to best practices.

Communicated effectively with clients to gather requirements and provide technical support.

10/03/2021 – 17/09/2021 United Kingdom

APPLICATION DEVELOPER DHANI

Project Involvement: Actively contributed to the development and enhancement of Dhani stocks application

Reusable Code Development: Created reusable code components to facilitate efficient and streamlined future development.

Performance Optimization: Enhanced the application for maximum speed and scalability, ensuring robust performance under high load conditions.

User Experience Improvement: Developed new features and maintained existing ones to enhance the user experience and ensure the functionality of the application.

Tools: Javascript, Angular, NgRx, HTML5/CSS, SCSS, Vscod, Figma,

Successfully collaborated within Scrum teams.

08/04/2019 – 20/11/2020 Tbilisi, Georgia

FRONTEND DEVELOPER VABACO

Project Involvement: Worked on the VABACO HRMS - HR & Payroll project, contributing to its development and success.

Reusable Code Development: Developed reusable code components to support efficient and streamlined future development.

Performance Optimization: Enhanced the application for maximum speed and scalability, ensuring robust performance under high load conditions.

User Experience Improvement: Created and maintained features to enhance the user experience and sustain the functionality of existing features.

Markup Creation: Produced precise and efficient markup according to designs provided by the web designer, ensuring alignment with visual and functional specifications.

Backend Integration: Interpreted Swagger documentation provided by back-end developers to build a cohesive and functional front-end application, ensuring seamless integration.

Tools: Javascript, ReactJS, Redux, Ag-grid, React-rails, Styled-components, HTML5, SCSS, Axios, Vim, Yarn, Vscod, Figma, Git, Jira.

Successfully collaborated within Scrum teams.

01/08/2018 – 28/03/2019 Tbilisi, Georgia

FRONTEND DEVELOPER DOLPHIN SOFTWARE

Project Involvement: Actively contributed to the development and enhancement of LoanKeeper, a comprehensive and flexible solution designed for managing credit institutions, including banks, microfinance institutions (MFIs), and pawnshops.

Reusable Code Development: Created reusable code components to facilitate efficient and streamlined future development.

Performance Optimization: Enhanced the application for maximum speed and scalability, ensuring robust performance under high load conditions.

User Experience Improvement: Developed new features and maintained existing ones to enhance the user experience and ensure the functionality of the application.

Tools: Javascript, ReactJS, Redux, Redux-saga, Redux-forms, SemanticUI, FetchAPI, Styled-components, Ag-grid, HTML5, SCSS, Vue.js, Vscod, Git, Jira.

Successfully collaborated within Scrum teams.

20/04/2016 – 25/07/2018 Tbilisi, Georgia

WEB DEVELOPER LEAVINGSTONE

Frontend Development Skills:

- Proficient in developing front-end for web applications, ensuring high-quality user experiences across mobile and desktop views.
- Skilled in creating markup according to design specifications provided by web designers, maintaining visual fidelity and functionality.
- Experienced in optimizing websites for Google search engine ranking and page speed, enhancing overall performance and visibility.
- Knowledgeable in developing websites accessible to visually impaired users, adhering to accessibility standards and guidelines.

Backend Development Skills:

- Experienced in designing and developing APIs to facilitate communication between front-end and back-end systems, ensuring smooth data exchange and functionality.
- Proficient in database creation, integration, and management, ensuring efficient data storage and retrieval to support web application functionalities.

Tools

HTML5, SCSS, Javascript, JQuery, Vue JS, GSAP, Git, Jira,

PHP, Laravel
Mysql

01/11/2015 – 17/04/2016 Tbilisi, Georgia

WEB DEVELOPER ECAO

Proficient in developing websites, leveraging expertise in both frontend and backend technologies to create robust and user-friendly online platforms.

Creating a markup according to the design provided by the designer.

Proficient in developing APIs to facilitate seamless communication between different systems and platforms, ensuring efficient data exchange and integration.

Skilled in building Content Management Systems (CMS), providing clients with user-friendly interfaces to manage website content and functionality effectively.

Proficient in database creation, integration, and management, ensuring efficient storage, retrieval, and manipulation of data to support web application functionalities.

Tools

HTML, CSS, Javascript, JQuery, PHP, Mysql.

● EDUCATION AND TRAINING

09/09/2013 – 15/01/2015 Tbilisi, Georgia

SCHOOL OF TECHNOLOGY Caucasus university

Object oriented programming of C++/C#, Algorithms and Data Structures, Algorithm design, Web design, Databases, Operating Systems, Software Engineering, Network Systems.

Calculus, Linear Algebra and Analytic Geometry, Numerical analysis, Discrete mathematics, Mathematical Programming, Data Analysis and Statistics, Operations Research, Theory of Information and Coding, Formal Languages and Automata Theory, Modelling and Simulation - Introduction to Electronics and Physics, The Evolution of the Universe, MS Office (Word, Excel, PowerPoint)

15/02/2015 – 23/02/2017 Tbilisi, Georgia

FACULTY OF INFORMATICS AND MANAGEMENT SYSTEMS Georgian technical university

● LANGUAGE SKILLS

Mother tongue(s): **GEORGIAN**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C1	C1	B2	C1	B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

● DIGITAL SKILLS

Algorithms & Data Structures - advanced | Design Patterns

● ORGANISATIONAL SKILLS

Organisational skills

Sociability.

A high sense of responsibility.

● COMMUNICATION AND INTERPERSONAL SKILLS

Communication and interpersonal skills

Excellent communication skills, both written and verbal, allowing for effective interaction with team members, clients, and stakeholders.

Strong interpersonal skills, fostering positive working relationships and collaboration within cross-functional teams.

● **JOB-RELATED SKILLS**

Job-related skills

Programming languages:

- Javascript \ ES6.
- Typescript.
- Reactjs \ Redux \ MobX.
- React-query.
- Vue.js
- Angular.js / NgRx
- Web sockets \ Phoenix \ Socket.io.
- Jest \ Enzyme \ React-testing-library \ Vitest.
- HTML5.
- ThreeJS \ React-fiber.
- CSS \ Scss \ Styled-components \ Bootstrap \ Semantic UI \ Tailwind CSS.
- GraphQL \ Apollo Client (React).
- Micro-Frontend \ Module Federation.
- NodeJS \ NestJS \ TypeORM.
- C++ \ Drogon framework.
- SQL \ PostgreSQL \ MySQL.
- NOSQL \ CASSANDRA.
- Git
- Truffle \ Hardhat \ Ether.js \ web3.js.

Also understanding of:

- JIRA, Bitbucket \ Trello \ Assana \ Github.
- Scrum.
- Linux (Ubuntu) \ Mac OS \ Windows.
- Swagger.
- Blender.
- Figma
